

Bed Wedge Pillow Set

2 Pieces for Back and Leg Support

A good day starts with a great night's sleep. Acid reflux, neck and back pain, post surgery and other medical conditions can often rob you of the sleep your body needs. The Kolbs® Bed Wedge offers optimal positioning for a comfortable and relaxing slumber.

Back pain, knee pain, varicose veins, restless leg syndrome, and other medical conditions can often rob you of the sleep your body needs. The Kolbs Elevated Leg Pillow offers optimal positioning for a comfortable and relaxing slumber. The Kolbs Elevated Leg Pillow elevates your legs comfortably above your heart for better blood circulation, and less pressure on your back. Sleep healthy, sleep well.

2 Layers Provide Superior Comfort

Memory Foam Top

The upper layer of both cushions features plush memory foam for a comfortable and relaxing night's sleep.

Medical Grade Foam Core

The cushions high density core layer supports the memory foam top to ensure just the right firmness and proper support.

Luxurious Jacquard Pillow Case

A removable, jacquard pillow case protects the cushions from stains while promoting a comfortable night's sleep.

Foam Wedge is Ideal for
Head, Foot or Leg Elevation

Care Instructions: Covers can be removed and machine washed on delicate cycle. Maximum temperature 60°C (140°F). Do not bleach. Do not iron. Do not dry clean. Tumble dry low or air dry. Foam cores can be spot cleaned with a moist, soapy rag. Let air dry. Foam cores may never be placed in the washing machine.

Important Notice: Bed Wedge and Elevated Leg Pillow is shipped in compressed packaging. Remove Cushions from plastic packaging to begin decompression. The process will begin immediately. Allow several hours for cushions to decompress before use.

Please Note: Many factors contribute to the speed of your cushion's decompression. In the vast majority of cases your cushions will decompress in the time frame indicated. In the rare case that it does not, please allow the cushions to decompress overnight.

Please Also Note: Although you may use the cushions at this point, it may take up to 24-48 hours for both cushions to reach its peak firmness.

New memory foam has a slight scent. Airing out for 24 to 48 hours will help dissipate the scent.
